ABOUT ME

Passionate and self-motivated postgraduate student in MSc Mathematics with a strong foundation in mathematical concepts and techniques. Currently pursuing a full-stack web development course to gain hands-on experience in web development technologies. Seeking an opportunity to apply my technical skills and passion for problem-solving to a web development role in a challenging and dynamic work environment.

PROJECTS

HTML & CSS PROJECT

- **VIKI WEBSITE**

A responsive static website to watch Korean Dramas and Movies. It is a demo of an existing website called VIKI .
 Website is live at :
https://md991999.github.io/viki-website/

- **GAME WEBSITE**

'GAMING GAUNTLET' is a static e-commerce website , made for game lovers.
Website is live at :
https://md991999.github.io/gaming-gauntlet/

HTML,CSS &BOOTSTRAP PROJECT

- **TRAVEL AGENCY**

'TRAVEL GUIDE' is a static travel agency website that offers a range of travel services and packaged tours. The website typically features detailed information about honeymoon packages, festival tours, North Indian tours including camp fire ,tour guide, and reviews.
Website is live at:
 https://md991999.github.io/travel-blog/

JAVASCRIPT PROJECTS

- **CHROME GAME**

The simplest version of Google Chrome Dinosaur
Game.
Website is live at:
https://md991999.github.io/chrome-game/

- **ROCK PAPER SCISSORS**

Rock, Paper, Scissors is a classic hand game that
has been adapted into a computer game format.
The game is typically played by two players who
choose one of three hand gestures - rock, paper,
or scissors - simultaneously.
Website is live at:
https://md991999.github.io/rock-paper-scissor/

- **COUNTDOWN TIMER**

The countdown timer created using JavaScript is a
web-based timer that uses JavaScript
programming language to track and display the
time remaining until a certain event or deadline.
This countdown timer created using JavaScript
can be used for a variety of purposes, including for
creating a sense of urgency on e-commerce
websites, for timing sports events or
competitions, or for adding a timer to an online
quiz or game.
Your site is live at
https://md991999.github.io/countdown-timer/

- **QUIZ WEBSITE**

A quiz website made using JavaScript and focused
on HTML and CSS is a web-based platform for
testing and evaluating the knowledge of users in
these two popular web development
technologies. The website is built using JavaScript
programming language to provide interactive and
dynamic functionality, such as displaying results,
countdown timer, and keeping track of scores.
Websitesite is live at:
https://md991999.github.io/quiz-website/
